CHILDREN'S POTTERY

INSTRUCTOR: Erik Hertz, potter

DAY: Monday

DATES: June 14, 21, 28, July 5, 12, 19

TIME: 4:00pm-6:00pm

COST: \$155 per 6 week class

AGE OF STUDENTS: 5-teens

DESCRIPTION: This class is open to students of all ability levels. In hand building, students will be introduced to techniques of working with clay. These disciplines will be taught and applied to projects involving pinch, coil and slab techniques. Students will also learn about glazing and firing pieces. Intermediate students will move on to more intricate projects.

*Our approach to wheel throwing focuses on proper technique. Understanding the way the spinning clay responds to the hands is critical to successful wheel throwing. Our wheel lessons break down the steps of throwing detailing and explaining them in simple terms. Students who have some wheel experience will develop new techniques. Beginners should have hand building experience. Students will learn basic wheel skills: centering, opening, pulling, shaping, trimming and finishing, as well as glazing. Beginners will make basic cylinders, such as mugs, vases, and bowls. As students' techniques improve, intermediate skills will be introduced and applied to projects. Class fee includes all clay, glaze and firing.
